

# Nokia Siemens Networks Supplier Certificate

## SGS Germany GmbH

is a proven Services Supplier for testing and product certification solutions for Nokia Siemens Networks. SGS performs testing of network elements and products as well as certification of OEM products or any IT equipment.

SGS has sufficient capacity as well as equipment to test against all relevant telecommunication standards that affect the air interface, reliability or EMC requirements, included e.g. in NEBS test requirements.

Nokia Siemens Networks is convinced of the high quality and performance of SGS and considers this company as a reliable supplier of certification services.

This certificate is presented and signed by  
Michaela Eckardt, Regional Category Manager.

A handwritten signature in black ink, reading "Michaela Eckardt".
